AHALIA COLLEGE OF NURSING

A Unit of International Foundation Ahalia Campus, Palakkad - 678 557

ABOUT AHALIA

The Ahalia Health Heritage and Knowledge Village is one of the largest edu-health campus headquartered in the District of Palakkad in Kerala. Ahalia Group has proved successful in creating a distinct identity of its own in National & International level within a short span of time. The organization, which started as an eye hospital in 2005, now has more than 22 Regional eye care Hospitals all over the state.

The Ahalia Health Heritage and Knowledge Village is an integrated campus consisting of Ahalia Foundation Eye Hospital, Ahalia Diabetes Hospital, Ahalia Ayurveda Medical College and Hospital, Ahalia Women & Childrens Hospital, and several educational establishments such as Ahalia Ayurveda Medical College, Ahalia School of Optometry & Research Centre, Ahalia School of Engineering and Technology.

Ahalia School of Pharmacy, Ahalia School of Management, Ahalia School of Paramedical Sciences, Ahalia School of Commerce & Mathematics and Ahalia Public School. The Indian Institute of Technology, Palakkad (IIT Palakkad) is also located and functioning in Ahalia Campus since 2015.

Thus Ahalia International Foundation moulding this campus into a perfectly designed Health city that caters comprehensive health care to individuals, families & communities. This vast and beautiful Health village is situated in a serene environment in the Valleys of Western Ghats, Palakkad- Kerala. The campus is 5 kms from Kanjikkode railway station and 20 from Palakkad town.

AHALIA COLLEGE OF NURSING ABOUT US

Ahalia college of Nursing, Palakkad was started in the year 2022 with B.Sc Nursing programme. The college is approved by Government of Kerala & affiliated to Kerala Nurses and Midwives Council (KNMC) and Kerala University of Health Sciences (KUHS).

Our institution provides a broad based education within an academic curricular framework specifically directed to the development of critical thinking skills, competencies appropriate to human and professional values.

The curriculum has been planned to prepare the students to assume responsibilities as professional, competent nurses and midwives in providing promotive, preventive, curative and rehabilitative healthcare services in any healthcare setting.

We give personal attention to each student for maintaining etiquettes, discipline, code of conduct, patriotism, secularism and dignifying behavior in the campus. Extra-curricular activities are also carried out in campus like NSS, Blood donation, National Health day celebration, Sports, Inter college competition etc.

SCOPE OF NURSING

Nursing is a highly demendable profession all around the globe. The whole health care sector has great demands for nurses. In this scenario, more and more people are choosing Nursing degree courses to ensure the professional future security.

Nursing graduates after their registration with State Nursing Council, have lot of job opportunities in Govt/Private and Corporate Hospitals and even overseas, they can also opt teaching profession in School of Nursing and College of Nursing.

In the present scenario, nurses are not just required in a hospital set up but also in the smaller clinics, OPDs on fields at various sports events, at home for personalized health care, in certain corporate institutions as a part of their team and even as a part of many research projects.

Nurses work and practice in a variety of Healthcare settings, including Schools and Universities, Hospitals, Nursing homes, Rehabilitation centers, Physicians' offices, Diagnostic clinics, Relief/Medical camps, Railway Hospitals, and National Defense Bases (Military/Army/Airforce/Navy).

In addition, BSc Nurses can pursue Higher education like Master Degree in Nursing (MSc Nursing) and PhD. They can also study various diploma or degree courses in Cardio Thoracic Nursing, Critical Care Nursing, Emergency and Disaster Nursing, Operation Room Nursing, Neuro Science Nursing, Neonatal Nursing, Orthopedics and Rehabilitation Nursing, Oncology Nursing and Midwifery Nursing.
